

WPD sign up for a further five years

LSBUD is delighted to announce that Western Power Distribution has agreed a five year deal with LSBUD to protect their assets.

"The safety of people that work in proximity to our electricity assets is of the highest importance to Western Power Distribution. The LineasearchbeforeUdig service allows us to rapidly deliver plans of our assets to those who need them"

Andrew Bennett, WPD Mapping Manager

Another record month for enquiry volumes

We were happy to announce that July 2015 was a record month for enquiry numbers with over 142,000 being processed. However, that record didn't last long as October 2015 saw over 152,000 enquiries being processed against our 50 Member Asset Owners. We're on track to beat our previous annual record of 1.45 million enquiries (in 2014) so thank you all for your diligent searching.

New Videos

LSBUD is pleased to present two new videos, one designed for Users and the other for Asset Owners. Make sure you give them a watch and please pass them on to anyone who you think may benefit from them!

2015 Events

We've already had a busy year of events and enjoyed meeting you all (some again but plenty of new faces) and are glad to see that Larry remains as popular as ever!

If you haven't seen us yet, please do check the events page on the website to see where we're going to be next. We only have one more conference in the 2015 calendar which is shown below, otherwise we look forward to seeing you next year!
