

More assets protected than ever
before!

No Images? [Click here](#)

As always, thank you for your continued support to help make the UK a safer digging environment.

We were very busy in the first quarter (Jan-Mar) and are happy to announce that a number of new members have recently chosen us to supply their asset plans.

Please see below for updates on them and some more exciting news.

New Members

Please find below a summary of members that have joined or are awaiting go live in Quarter 1:

Gtt

Live on 15th Jan 2018

GTT is committed to redefining enterprise communications, providing clients with the services and capabilities that drive productivity across their organizations. GTT is a Tier 1 IP network, ranked in the top five worldwide, that connects its clients to any location in the world and any application in the cloud. GTT offers a comprehensive portfolio of wide area networking, internet, managed services and voice services, which are backed with a superior service experience that is built on GTT's core values of simplicity, speed and agility.

Tata Communications

Live on 1st Feb 2018

TATA COMMUNICATIONS

TATA Communications delivers over 25% of the world's internet routes, while over 70% of the world's mobile operators already use their network to connect to customers.

WWU

In final testing

WWU owns and maintains more than 35,000 kilometres of gas pipes – enough to stretch from the UK to New Zealand and back again! Using those pipes – most of which lie hidden beneath our feet - they supply gas to around 2.5 million households and businesses, serving a population of 7.5 million people. They cover an area that stretches from Wrexham to Redruth, from the mountains of North Wales to the cliff tops of Cornwall. The area they serve is a mixture of cities, towns, villages and open countryside.

Blue List

Blue List Update

LSBUD is reviewing the way we provide details for those Asset Owners who are not registered with our service,

currently provided via the Blue List.

We will update on this shortly; if you have any feedback on this list which you'd like to share with us, please do let us know.

News- API

Helping Users with large enquiry volumes

Our new API offering allows users to integrate their own systems directly with LSBUD, streamlining the search process, providing efficiency, resilience and reducing the chance of errors.

If you would like further information on this, please feel free to contact us.

Upcoming Features

In the coming weeks, we will be introducing a few new features when submitting a job/search, including:

"Continue Job" - Once a job has been submitted, a new button will be available which allow you to continue a search area by showing the previous enquiry area on the map.

"Site Contact" & **"Site Number"** will be optional fields to allow asset owners to understand who will be the best contact on site. [Found under the "Enquiry Details" Tab]

"Notes/Description of Works", another optional field will be available to help you provide any additional information that may be pertinent to your search/enquiry. [Found under "Location" Tab.]

Damage Prevention Day

LSBUD is proud to be hosting our inaugural Damage Prevention Day where asset owners, contractors and other important stakeholders can learn from each other

and engage in conversation in regards to protecting assets.

The day will be held on 14 June 2018 at The Belfry Hotel & Resort in Wishaw, Sutton Coldfield.

For further details, please contact the Enquiries Team. To book tickets please follow the link below : <https://www.eventbrite.com/e/lbud-damage-prevention-day-tickets-45193547116>.

Please let us know what you think

LSBUD is continually trying to improve the service which it provides and your feedback and comments go a long way in achieving this.

If you could complete the below survey, you will be entered in to a draw for a chance to win one of several **£25 high street vouchers**.
